

The Master of Catholic Theological College

Invites you to the launch of

## **Illuminating the New Testament: The Gospels, Acts and Paul**

*By Rev. Prof. Gerald O'Collins SJ AC*

To be launched by Rev. Professor Dorothy Lee

“This is a wonderful collection of articles on the New Testament, previously published over past decades but here updated. It shows Gerald O’Collins, not only as the fine systematic theologian we know him to be from his many publications, but also as the highly competent exegete of the New Testament. Here O’Collins returns to his first love, Holy Scripture, and brings an acute theological and exegetical mind to bear on the birth, death and resurrection of Jesus in the New Testament writings. This is a valuable collection, for theologians and exegetes alike. Written in O’Collins’ usual lively, succinct and lucid style, it is as accessible for the non-expert as it is for the expert.” - *Dorothy A. Lee FAHA, Stewart Research Professor of New Testament, Trinity College, University of Divinity*

**Gerald O’Collins** is currently a research fellow of the University of Divinity and adjunct professor of the Australian Catholic University.
